## PRODUCTION PROGRAM
## EQUIPMENT SUPPLY

# *RESIDENTE MACHINE*

Glassbox is a non-profit association that supports and promotes emerging contemporary creation. Managed by artists and curators, the art space at 4 rue Moret offers hybrid production and distribution formats. Glassbox allows young artists to access a form of visibility specific to each approach.

### PRESENTATION OF THE PROGRAM. :
In a context of increasing need for artists to have access to specific digital tools, Glassbox has acquired equipment dedicated to audiovisual production and post-production, and is setting up the first edition of a research and creation programme «outdoors». This computer facility is primarily intended for artists' digital projects involving video editing, animation, 3D, post-production, sound etc.

### CONDITIONS OF THE PROGRAM
The winners of the *Residente Machine* will be loaned the equipment for a period to be defined according to their needs (between two and four months). The equipment will be installed in the artist's workplace. This programme is also intended for artists who are already benefiting from a grant, residency, post-graduation etc. In this case, a co-production partnership can be established with these structures beforehand.
The artists will also benefit from support and regular follow-up by the Glassbox team.
The results of the production will eventually, depending on needs and availability, be presented at Glassbox, or in the partner structure.
A fee of 300 euros will be paid to the artist. In the case of a restitution in our structure, the artist will also benefit from exhibition rights.

### EQUIPMENT
The workstation provided includes :
- A motherboard for AMD Ryzen 9 CPU, AMD X570 Chipset, AMD AM4 Socket - ATX format.
- An AMD Ryzen 9 5900X Processor - 12/24 cores, 3.7/4.8GHz - Socket AM4 - 64Mo cache - TDP 105W.
- A total of 128GB of DDR4 3200MHz memory.
- Nvidia GeForce RTX 3070 graphics card - 8GB GDDR6X - 5888 CUDA cores - PCIe 4.0.
- 1TB M.2 SSD
- One 4TB SATA3 SSD
- Microsoft Windows 10 Pro
- Two EIZO ColorEdge CS2731-BK monitors

The transport of the equipment is paid by Glassbox. For logistical reasons, metropolitan France is preferred.

## LEGAL FRAMEWORK

A contract specifying the commitments of the association (as support structure) and of the laureate artist is signed before the start of the project. The artist must provide proof of a social status (or administrative structure) allowing him/her to issue an invoice. The artist must also provide proof of insurance. Glassbox will cover the extra costs if the artist's contract cannot cover all the material.

## APPLICATION FORM : (1 PDF file only, no wetransfer)

- A statement presenting the artist's project (1 page maximum).
- Detailed description of the project (storyboard, visuals, production schedule, funding, partnerships, etc.).
- Desired dates
- Portfolio
- CV
- Any document judged interesting to support the application.

Applications should be sent by email only to the following address: glassbox.smart@gmail.com with the words «RESIDENTE_MACHINE_NAME_FIRSTAME» in the subject line. Incomplete applications will not be considered.

## APPLICATION DEADLINE

Applications must be received by the Glassbox team before 4 February 2022
Results will be announced in late February or early March.
